CLAYESMORE

Transport Guide

2026-2027

Welcome

This booklet gives you useful information about the school minibus service and tells you about the app we use to administer the service.

The app is produced by a company called Vectare who are a specialist school transport management company.

There are two elements to it:

1. The Vectare website which you can find at **clayesmore.vectare.co.uk**. You probably need to visit this on a laptop or desktop machine.
2. The VecTive Passenger app which is designed for the phone.

Next steps – in order

1. Visit **clayesmore.vectare.co.uk** to create your account
2. Book the service(s) you need for the coming term (or for longer, if you wish)
3. Download the app from the App or Play Store. Search for: **VecTive Passenger**

The Service

The routes, stops and timings are all shown in the following pages.

On either the website or the app you will be able to make ad-hoc changes, track the minibus in real time, and even check to see whether your child is on the minibus!

If your child is ill or unable to travel you will be able to use the app or the website to let the driver and the office know.

If you want to use the minibus for additional journeys you will be able to book a seat if there is one available – the charge for these will be higher than the usual service.

The terms and conditions of using the service are set out at the back of this booklet.
